Management Items

Manager's Report:

Pool - Michael Schenfeld reported on the pool and the leaks that need to be addressed. Director Sayer suggested looking into other pool companies, he does not feel Perfect Pool is managing their pool acceptably. Suggested creating a list of pool needs and issues and to also create a maintenance list of monthly, quarterly and annual maintenance to avoid problems.

Landscape – The Board requested to obtain quotes for a beauty band mow around the edges, this will help decrease weed spread into nearby homeowners' properties. Regarding the land up against the Aurora water facility, Aurora is not planning to replant trees and SEMSWA does not have time to send out for an evaluation, therefore this is not a priority.

Fireplace – Mr. Schenfeld will do a further assessment of the trellis to possibly repair this himself. There is stone damage as well as the igniter is damaged. Director Sayers recommends future conversation about the use of the space and the option of changing the space i.e., removing the fireplace. Director Roth recommends a lockbox for the fireplace key for now. An additional option of a timer, which provides a safety to the use of the fireplace. CRS will look into the timer option.

Fobs – Fobs for the back pool gate work, however the front gate does not. Mr. Schenfeld assessed that because the system was made for indoor use the weather has deteriorated the mechanism. The keys are working and recommends this be an off-season project.

Trees – Director Roth is concerned about tree stakes that are on resident properties. These are mature trees no longer needing stakes. Recommends that the District pays

to have Brightview remove stakes and give notice to resident that Brightview will be out to remove the tree stakes with a date that the removal will be done.

Streets - Centennial has maxed their budget this year and will not be out to complete any additional repairs. Marvella MD is on their list for next year to seal the streets.

Director Roth would like a half-hour call with CRS and a couple of Directors to obtain updates between the quarterly meetings. Two Directors on a zoom call every other week decided to address “Hot Topics” for updates on maintenance and operations. Director Roth and Sayers will attend for now.

Approval of Minutes – June 16, 2023: Director Kark moved to approve the minutes as presented. Upon second by Director Roth, vote was taken, and motion carried unanimously.

Snow – Discussion if the snow accumulation trigger should be increased? Director Kark moved to increase the trigger depth to 4”, upon second by Director Roth, vote was taken, and motion carried unanimously.

Attorney Item:

Legislative Report – Ms. Seaver reviewed the 2023 legislature, speaking to a few specific items that affect special districts.

A discussion was had about the next steps with Century and their lack of response. Ms. Seavers is going to reach out once more.
